

General Policies and Procedures

Pet Suites is committed to providing you and your puppy with a clean and safe training environment. In an effort to ensure that you receive the best quality of training possible, we practice the following guidelines.

Medical Guidelines

I understand there are natural risks associated with allowing puppies to interact with one another. I understand that Pet Suites does everything in their power to decrease the spread of contagious illness amongst students and minimize the risk of injury during play. I agree to be solely responsible for any and all acts or behavior for my puppy while enrolled at Pet Suites Puppy Day Academy.

I take full responsibility for any medical care my puppy may require in the event he needs to be seen by a veterinarian.

All students will be required to show current vaccinations records for Distemper, Parvo, and Bordetella. (Proof of Rabies vaccine is required if puppy is old enough to receive the vaccine.). Puppies should have a minimum of two Distemper/Parvo boosters and the Bordetella vaccine prior to attending class.

All students should be free from internal and external parasites such as fleas and worms. There should be no signs of contagious disease i.e. sneezing, coughing, vomiting, diarrhea, lethargy and/or discharge from the nose or eyes. If your puppy is displaying these symptoms do not bring him to school. He should be treated by your veterinarian.

School Supplies

Pet Suites students should be brought to school wearing a well-fitting buckle collar, Gentle Leader Head Collar or Gentle Leader Easy Walk Harness, accompanied by a four to six feet cotton, leather or nylon leash. No chain leashes or retractable leads allowed. Gentle Leader products are not required, but are available for purchase at Pet Suites. Choke Chains and Electronic collars are not allowed.

Please pack and label a lunch (if your puppy gets one) and appropriate training treats.

Aggressive Dogs

Our school is not appropriate for dogs that fight with or are reactive to other dogs, or are aggressive to people. Dogs that are disruptive and/or jeopardize the safety of others will be dismissed from school. If your dog has ever bitten another dog or human seriously enough to break skin please call 949 425-0070 before enrolling.

Refund Policy

Class fees are non-refundable and non-transferable. Please ensure that Puppy Day Academy is a good match for your needs before enrolling your puppy.

Field Trips

I understand and give permission for my puppy to be taken to a public location for socialization and continued training.

Owner Participation

I understand participation in my puppy's training is vital to his and my success. I understand my follow through with the training will ultimately determine how my puppy behaves in my presence. I agree to take an active role in my puppy's training at home and follow the recommendations given to me by the Pet Suites instructor.

I have read and agree to the policies of the Pet Suites Puppy Day Academy. I agree I have given full disclosure of any history of aggressive behavior by my dog and that failure to do so will result in my dog being dismissed from the school and no refund shall be given. I release the rights to any and all photographic material and personal information the Pet Suites Puppy Day Academy may wish to release without obligation to me.
